

# Interior Design Final Room Project

325 Points Possible

**Due:** \_\_\_\_\_

Projects are due at the beginning of class on the due date. No final projects will be accepted late!

**NAME:** \_\_\_\_\_

Attach this sheet to the back of your project.

For your final project you will be demonstrating your understanding of the principles and elements of design, floor plan arrangement, and knowledge of background usage, space coordination and planning as they relate to a room's interior. The final project is worth 325 points and will be graded on neatness, completeness, creativity, accuracy, and professional appeal. All of the items below must be included in your final project.

This project should be as perfect as possible. It will be graded more critically than anything we have done this year. It should incorporate and demonstrate mastery of everything we have learned. When creating it consider balance, proportion, color, spatial arrangement, variety and unity. Most important is neatness and professionalism!
